

USB-IF/KNX REG

Prod.No. 90224 EAN: 4007529902248

- Voltage: 21 - 32 V DC via KNX BUS
- Dimensions: 90 x 36 x 64 mm (2 TE)
- Typ. power input: 5 mA typical
20 mA max.

Order data

Designation	Colour	Art.No
USB-IF/KNX REG	grey	90224

Technical data

Voltage:	21 - 32 V DC via KNX BUS
Dimensions:	90 x 36 x 64 mm (2 TE)
Typ. power input:	5 mA typical 20 mA max.
Power consumption:	0.15 W
Degree / class of protection:	IP20 / Class III
Ambient temperature:	-5 °C to +45 °C
Housing:	Polycarbonate / POM / ASA
Material color:	grey
KNX TP 256:	Yes
Connections and wires:	1 x Bus line: EIB/KNX bus terminal (black/red) USB type B, USB 2.0

Product information

Connection of a PC for addressing, programming and diagnosis of KNX components

Power is supplied completely via the USB interface from the connected PC
